

Invisible Theater

A Cinema Experience from your Favorite Chair.

Do you crave a cinematic experience at the comfort of your favorite couch or chair, but don't want to permanently dedicate that space to solely being a home theater?

Immersa Invisible Theater is your solution. A retractable ceiling recessed cinema format screen offers a clean install without compromising space. With the push of a button you can raise and lower your Immersa Invisible Theater effortlessly. Your choice of 5.1, 7.1, or Atmos Surround Sound Format will provide a truly immersive experience.

Key Features:

- Custom designed to your existing living space.
- Enjoy movies in their original widescreen format without dedicating the room solely for that purpose.
- Screen and projection technology that will allow viewing without darkening the room.
- 5.1, 7.1, or Atmos Surround Sound Format that will provide audio to existing TV if theater is hidden.

Immersa Invisible Theater
Starting Price \$35,000.00
